Celebrate

The least populated of Hawai'i's main islands, Kaua'i is renowned as a legendary scenic 'backdrop' for Hollywood and many other international film-makers. Breathtaking white-sand beaches fringe almost half the coastline, with striking geological features such as the NāPali Coast considered one of the world's most beautiful stretches of shore.

THE PERFECT BACKDROP

Kaua'i offers a multitude of stunning locations for weddings, anniversary celebrations and vow renewal ceremonies. And, with more than 80km of white-sand beaches, many weddings and honeymoons gravitate to the sand. State and city beach parks are abundant (permits are required), and the island's resorts offer a wide range of superb wedding and honeymoon packages, with 'top-to-toe' pampering the norm. The independent Kaua'i Wedding Professionals Association is also on hand to assist. Popular locations include:

- a secluded NāPali Coast beach
- before 24 multi-tiered metres of shimmering water at Wailua Falls
- at historic coral limestone Wai'oli Hui'ia Church
- in a lush tropical garden on the banks of the Wailua River, under magnificent hau trees with heart-shaped leaves
- at famous Fern Grotto, reached via a private wedding boat and a short walk through tropical foliage

- in one of the island's many spectacular botanic gardens. McBryde, for example, offers a truly tranquil setting among eucalypts, orchids and Royal Poinciana trees. The air is perfumed by magnificent lau'a'e ferns and the garden is home to striking birds of paradise and tropical butterflies.
